

THE HEIGHT OF TASTE

ESTABLISHED IN 1997 BY LYNDY REDDING AND RON DENNIS, ABSOLUTE TASTE STILL HOLDS THE CORE VALUES THAT INITIALLY LED TO ITS FOUNDATION 13 YEARS AGO; A PASSION FOR FOOD AND SERVICE THAT EXCEEDS EXPECTATIONS ON EVERY OCCASION AND AT EVERY EVENT.

Lyndy has successfully trained and built a committed, charming and hard working team who have an inbuilt devotion to the exact work ethic that makes everything that Absolute Taste does a success. Whether executing spectacular events for clients around the world in the fields of sport, aviation, beauty, fashion, property and interior design, or creating bespoke events and menu's for fabulous weddings and intimate dinners, Absolute Taste events are consistently flawless and consistently impressive.

Absolute Taste Inflight was established as a result of clients wanting the exquisite fresh food and service that they receive at Absolute Taste events, whilst travelling on their private and executive aircraft. A dedicated team now deliver the product and service that Absolute Taste is known for to all of the London airports. With a minimum four hour notice for delivery the team are fully reactive without any compromise to expectations.

Further demand for Absolute Taste has led to the launch of a facility in Geneva, servicing private aviation operating from Geneva, as well as private executive and corporate events and parties in and around the Swiss city. With their specially designed kitchens, carefully sourced produce, their local contacts as well as staff and the support from the London HQ, Absolute Taste can guarantee that their same exceptional standard is met in the air and in Geneva, as it is in London and elsewhere around the world ■ Ring 0208 870 5151 or visit absolutetaste.com
